

## Tracy Wernham

Having passed Financial Planning assessments in 1999, Operations Manager Tracy gained experience in Key Account Management in the medical sector before setting up Simple Solutions Financial Management with husband Don.

Tracy ensures the smooth day-to-day running of the office and implements processes to keep us operating efficiently.

Tracy was born and bred in Warrington, enjoying keeping fit and using her season ticket at Warrington Wolves Rugby League outside of work. Gardening, socialising and a nice glass of wine keep Tracy nicely relaxed at the weekends!

**“I believe that great service is paramount in our relationship with our clients. The technology and tools that Simple Solutions makes available to our clients enhances these relationships to really distinguish us in the marketplace.”**
